

A Review of the Member Commitment Model

**The model is simple:
You choose your own financial commitment for membership.**

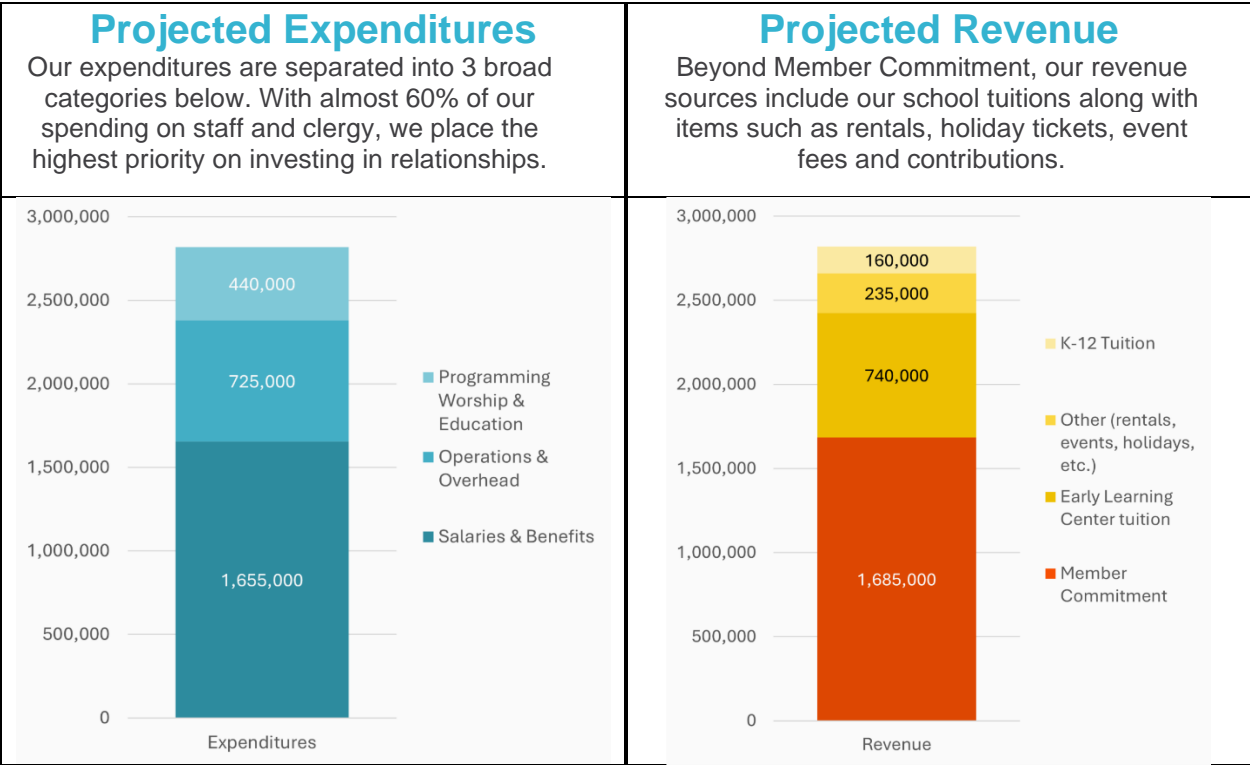

The Member Commitment is a philanthropic model with flexibility in contributions that centers our community members and our values of inclusion, gratitude, and mutual responsibility.

To make an educated decision, we ask you to consider:

1. TBA's value in your life
2. Your desire to support our shared vision
3. TBA's financial position and needs (see below)

TBA's Financial Position Projected Revenue & Expenditures for 2024-25

A note about security: Included in operations and overhead are our expenditures for security. While this past year, we asked you to contribute separately to support security measures, this year we are incorporating this into our Member Commitment and request that you increase your gift accordingly. We anticipate \$130,000 in security spending this coming year in contrast to the average of \$30,000 in security spending prior to fall of 2023.

Member Commitment 2024-25

Based on the above financial information, the optimal total contribution from the Member Commitment is \$1,685,000.

If every family were to give an equal amount, the optimal contribution per member/family would be \$4,100.

We recognize this isn't appropriate for everyone and welcome a wide range of Member Commitment contributions. Below are the suggested contribution levels.

Member Commitment	Annual Recommendations
Supporter	Up to \$2,650
Partner	Up to \$4,100
Anchor	Up to \$5,500
Builder	Up to \$8,500
Patron	Up to \$15,000+

We are grateful for the contributions to TBA at every level. We also recognize the support of lead donors making Member Commitment contributions of \$5,500 and above which is critical to our continued success and financial sustainability.

Next Steps

Please scan the QR code or refer to the link in your email to complete our 2024-25 membership form. Through this form you will:

1. Indicate your contribution amount for the Member Commitment and review any other fees on your account such as school tuition or rentals.
2. Set up an online payment plan (one time or monthly) or indicate that you will be fulfilling your contribution via check (*Please note: to ease the administrative burden on the temple, we strongly recommend you set up an automatic payment plan. If you are fulfilling your commitment via check, we ask that you do so in full.*)
3. Share any thoughts, news, or feedback with the TBA leadership
